

## Ontario Travel Reference Map :1,000,000/1:1,500,000

In geographic terms, Ontario is larger than most countries. It can be divided into three rough regions, the southwestern agricultural belt, the southeastern historical belt and everything north of Muskoka. The Province is the industrial heartland of Canada, with many towns and cities in the southern third. Toronto is the fourth largest city in the Canada/USA part of North America, and is a vibrant city with a crazy but popular mayor. This double-sided map shows the southern third on one side, along with three good insets of Toronto, and the other side is filled with hundreds of thousands of lakes (Canada has over 12 million lakes) and includes an inset of the border area at Sault Ste. Marie. Ontario was founded by British American settlers loyal to the crown in the late 1770s, most notably in the Kingston/Ottawa area but also in the London/Brampton region. This is an area rich in history, with enormous recreational potential - and Niagara Falls! After BC, this is Canadas most popular travel destination. By the way, Windsor, Ont, is south of Detroit, Mich. Look at the map!

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
