

The Adventures of Blue the Very Happy Dog; Blue Meets Santa Claus. Childrens dog books and short bedtime stories for kids. (The Adventures of Blue the Very Happy Dog. Book 4)

The Adventures of Blue. The Very Happy Dog: Blue Helps Santa Claus. Once upon a time in Wibbleton there lived a lovely happy dog called Blue, he lived very happily with his family in a pretty country cottage. He was such a good dog he was allowed to go out on Walks all by himself. Every day the gate was opened and off Blue went on another adventure. Across the field he'd run, through the long grass until he reached the big wooden gate that led to the land of adventures...Everyday a new and exciting thing was about to happen...This is the fourth in the Adventures of Blue childrens book series. The adventures of Blue and his magic collar come in very handy when Santa Claus lands on his roof. Blue not only meets Santa but gets to help him as he completes his enormous task of getting every present delivered before morning. You can even find out how he does it and it's not Blue's magic collar that does it, it's Santa's Christmas magic! This book and others in the Adventures of Blue series, make excellent bedtime reading as Blue gets up to a new magical adventure every time. They are short stories so don't take long to read but they pack plenty of adventure in at the same time. Although there are plenty of childrens books about dogs and lots of other animal books on Kindle, this one is slightly different. Not only does each adventure entail magic of some kind, the character Blue is based on the Author's real dog, also called Blue!..And now you can meet him! That's right; in the book there's a link to a page with lots of pictures of Blue and his lovely younger brother Bailey (They're both Golden Retrievers) as well as a chance for your child to appear in a future book or story! Although these books are primarily aimed at children between around 4 and 8 years, I'm sure children of all ages will enjoy them and hopefully their parents too! These and other adventure books are currently only available on

Kindle and are all priced under \$2. About the Author Ronnie James wrote his first childrens book back in 2007. It wasn't until he realised the potential to publish his books on Kindle that he started taking this seriously. The Adventures of Blue books are all dog stories inspired by the adventures and mischief his own Golden Retriever, Blue, used to get up to. Passionate about animals and bringing humour and smiles to peoples faces, Ronnie is truly passionate about putting only his very best into each carefully crafted book, not to mention the many hours that go into the wonderful illustrations.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
