

Loving Sex: The book of joy and passion

Sex in a loving relationship can be the deepest and most meaningful experience a couple can share. And yet many couples find themselves too time-starved and intimacy-shy to enjoy it to the full. *Loving Sex* helps couples to overcome these barriers with advice from a renowned sexual health counselor. *Loving Sex* offers a friendly, frank exploration of what sex means as part of a loving relationship, and how you and your partner can experience it to its full potential. Free from unrealistic media representations of perfect bodies and porn-star practices, *Loving Sex* shows you the positions that work, helps resolve common problems without blame or embarrassment, and explains just how important sex can be to long-term loving happiness. Each of the 11 chapters explores a different aspect of sexuality, from the anatomy and physicality of arousal and orgasm, to the psychology of lust, love, and partnership. Candid explanations of sexual practices and positions are supported by photography and illustrations, allowing couples to relish foreplay, explore new positions and techniques, and experiment with exotic practices, from dressing up to Tantra. The final chapters offer tips on safer sex, and explore the ways in which an enduring sexual relationship can be the foundation for a lifetime of loving intimacy.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
