

Red Alert on Childrens Literature: the incredible story of Fatuccia the Fairy and Forestana the Witch

Ogres, witches and fairies, as almost every writer of childrens books knows perfectly well (see Roald Dahl The witches) really do exist and populate their imagination. They can also appear in the most unthinkable disguises, including those of literary critics or editors of juvenile series. The story is a loving, ironical tribute to the two existing Italian editors MARGHERITA FORESTAN (Mondadori Ragazzi), and ORIETTA FATUCCI (Einaudi Ragazzi).

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
