

Early Records of Warren County, Georgia

Local histories and genealogical records are fascinating and are a valuable tool for anyone tracing their roots. The records compiled in this book are important to those researching their African-American roots, those with ancestors who moved from Connecticut, Florida, Kentucky, Maryland, Massachusetts, Mississippi, New York, North Carolina, Pennsylvania, South Carolina, and Virginia; and from the country of Scotland, as well as many other counties in Georgia. Keep in mind, if your ancestor fought in the Revolutionary War, he may have moved to Georgia in order to participate in the many land grants and lotteries. Records included in this book are history of the county, marriages (1794-1813), Minute Book of the Inferior Court (1794-1814), Administrators Bond Book, deeds, wills, and land grants (1737-1775.) Good luck in your searching!

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
