

Mainsail to the Wind: A Book of Sailing Quotations

Throughout history, the sea and those who sail upon it have been the frequent subjects of literature, poetry, speeches, songs and adages. From Homer to Shakespeare, Charles Dickens to Kurt Vonnegut, Beowulf to Ted Turner, many have eloquently expressed the beauty, mystery and power of the sea, the love, awe and fear which it inspires, and the unique traits and skills required of sailors. Now, for the first time, the best of these musings have been collected in a single volume. Mainsail to the Wind presents over 1,000 quotes from writers and speakers around the world. The book is conveniently organized into 70 categories for browsing, and indexed by keywords and by author for easy reference. Each author cited is briefly described in an appendix and the context of the quote is given where necessary.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
