

Jungle ki Sair (Hindi for Children Book 5)

I have created this Hindi learning series for children of Indian origin who are growing up in other countries. These books are easy to read and connect to their lifestyle. I have used simple language and themes that are relevant to children. This book has stories that are based on the familiar stories that are changed to make them more relevant to today's world. The language and the themes of these books are suitable for children from two to eight years old. This book focuses on directional words. These are bilingual books written in both Hindi and English. Hindi is transliterated into English script, so children who can read English phonetically can easily read these by themselves.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
