

The Booby Trap Ghost

This is the first book in R.M. Baes Screaming Shadows series. His stories are meant to provide fun and thrills and specially written to introduce kids to chapter books. Back Cover Description:

The house is haunted, but what lurks inside? On a typical night trick or treating around the neighborhood, Jacks friends decide to enter an old spooky looking house...and thats when the adventure begins! From a servant who dresses up in a cool skeleton costume to a ghost that traps kids by tempting them with candies and other treats, the kids learn that they should think twice before entering a strange house. Written by a 7-year old, R.M. Baes debut book is sure to provide scary (but not too scary) thrills for children and their parents.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
