

## Psychic Self-Destruction

We foolishly become our own worst enemy by carrying destructive forces of resentment, fear, frustration, irritation, envy, and despair with us through our lives, without making much of an effort to dispel them. In fact, we often magnify these poisons by brooding on them, until we become trapped by their dark power. *Psychic Self - Destruction* identifies the misery magnets and misery magnifiers we utilize to make our lives miserable instead of joyful. It depicts how our subconscious uses bodyguards of misery to protect these memories of suffering and enslave us to an even greater degree. It then proceeds to demonstrate simple steps we can take to reverse this process, and replace our personal suffering with enlightened self-control. We are not designed to suffer--we are designed to triumph over misery and achieve enlightenment!

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
