

The Art of Opinion Writing

The Art of Opinion Writing is a highly educational guidebook featuring advice from op-ed columnists who are winners of the Pulitzer Prize and many of journalism's highest awards. Featured columnists represent both liberal and conservative commentary. In their own words, they share motivations, what has sustained and contributed to career longevity, as well as techniques and strategies for writing outstanding commentary. Specialties within opinion writing are examined, such as politics, foreign affairs, pop culture, race, gender, education, investigative, and spiritual op-ed perspectives. Aspiring columnists will be encouraged by the variety of personalities and approaches.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
