

30 Seconds: A Guide to Organizing Your Genealogy Files

There appears to be a need among many genealogists to find a way to organize their papers, so they can find them quickly. This book presents a choice of filing systems. The first, is a filing cabinet filing system and the second, is a notebook filing system. This is written to show two ways of filing genealogy papers. There are ten steps to organizing your papers. Included are drawings and illustrations (some in color) that help the reader to understand the steps to organizing. Many actual examples are included to assist genealogists with their own files. This book is written to the beginning genealogist, the experienced genealogist, as well as the professional genealogist.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
