

## How to Get One of the 101 Best Jobs in America (Dare to Be Wealthy & Happy Book 2)

This book is the second of the Dare to Be Wealthy & Happy trilogy. Like all the books in the series, it is intended for both young people contemplating their first job and experienced workers looking for a new career. The first book in the series provided a quick snapshot and ranking of the top 101 jobs in the U.S. marketplace. Book one also provided guidance about the training, education and experience required for each job discussed. Now, the second book in the series - How to Get One of the 101 Best Jobs in America! - provides additional help for discovering each reader's dream career as well as a detailed roadmap to guide readers through the all-important training and education phase and the maze of online job sites and applications, the critical resume and cover letter, and the job interview. For readers who are looking for a new career challenge or have perhaps become disillusioned with their present jobs, the same objectives provided for first time job seekers will be tremendously helpful in both deciding which career to pursue and negotiating the obstacle course mandated for success in changing careers. As a companion to book one of the series, How to Get One of the 101 Best Jobs in America! helps readers first look inward to discover their best match for a career and then do the work necessary to achieve their objective.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
