

Mini House: The Haunted House (Mini House Book)

Colorful, chunky, irresistible, a book that's as much fun as a toy. Peter Lippman's 2.2-million-copy-bestselling Mini-House series is a hit with kids and adults alike. You pick one up. You hold it. You turn it around. You peer inside the windows, and then you pop the latch, opening the door to the story—and to a child's imagination. Haunted House is a wonderful and whimsical Halloween treat. The delightfully frightful story begins one dark and dreary night in a gloomy mansion. There are bats in the belfry, vampires in the windows, and an unseen narrator creeping from living room to bedroom, from attic to cellar, looking for the mysterious monstrous presence haunting the house. It's the little book that goes Boo! Selection of the Children's Book-of-the-Month Club. 145,656 copies in print.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
