Massay is a troubled teenager who constantly thinks about suicide. He has a passion for horror movies and enjoys remaking the most gruesome of scenes. He has a friend by the name of Sean that sticks by his side. After a horrible tragedy, he and Massay made a pact. This pact made them brothers forever and that nothing can drive them apart. This causes quite a confusion at school. His peers believe that they are too close and think that something else is going on. Robert and his friends continuously tease them, calling them nasty names and having physical altercations. Massays home life is no better. Massay blames his father for his suicidal wishes and hopes that one day his father gets what he deserves. The mother doesnt agree and has a hard time convincing Massay otherwise. This leads to Massay becoming obsessed with the legend of the Jersey Devil. There are a lot of killings going around in his town and he strongly believes that its the devil behind it. Unfortunately one day he hears that his bullies were brutally murdered. The detectives believe that Massay is the one behind it, but Massay thinks that no human could do such things. It had to be the Jersey Devil itself. Massay has no other choice but to prove that he is innocent by finding out if the Jersey Devil truly exists. Can Massay find the truth behind the killings or will he finally get what he wants? Death!

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
