

?Modelos! An Integrated Approach for Proficiency in Spanish

Modelos, Prentice Halls newest composition book is designed to enhance students critical thinking and interpretive skills. Taking a highly motivational approach, Modelos asks learners to comprehend and produce Spanish in a way in which they assume responsibility and accountability for their own work. At each juncture, Modelos strives to reinforce the conviction that each student is an author, with a unique voice and individual ideas to share. A unique student-centered, holistic approach to composition, Modelos features:

- * An integrated approach to composition covering the full process of writing, revision, and evaluation
- * A consistent focus on language proficiency
- * An emphasis on developing reading strategies and literary discussion
- * A manual/workbook that includes a complete grammar review and exercises, as well as additional activities for speaking and writing, and appendices (e.g., verb paradigms, abbreviations, and ACTFL guidelines).

The title Modelos plays on the meaning of authentic texts as models for writing, and the notion that students are asked assume different roles as a writer, such as: escritor fotografo (description), and escritor abogado (argumentation). This innovative approach to composition fosters a solid and interesting next step in language comprehension and production.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
