

## Monster Land

Molly McGent can't understand why she is so moody. She is restless and finds everything boring. Believing that she is part monster, she decides that she would fit in better in Monster Land, a land for monsters beyond the tallest dune. Her dog Jojo knows the way to the entrance, and leads her there. Once inside, she visits with all her monster friends, including a mud bog monster, a gossip monster and a crabby bird. The sun and the moon help her out now and then, as she decides on whether she wants to stay or not. This version of Monster Land is updated with a story and includes the verse and illustrations by Patricia Arnold; with help from her daughter, Lisa Arnold.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
