

## Making The Pieces Fit - The Process of Conflict Resolution

Conflict, by its nature, helps things grow. It does this because passivity usually breeds conformity, and conformity, when completed, hinders growth. Conformity is the arch enemy of all that is essential for life, creativity, and growth. Conflict then, becomes an agent of Gods nature in the world, and mind of people, to bring change and growth. This book is designed to take the reader on a deductive journey through the various processes of conflict that allows them to understand the practical, and process actions of conflict. The book is not designed to philosophize, react, or interact with various approaches, methods or ideas. It simply lists the facts and allows the reader to follow, in some order and method, what conflict is, so that growth may come.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
