

Black Lake: Winston Boys School (Volume 1)

A Middle Grade Thriller Gannon and Red are boarders at Winston Boys School in North Carolina. Late one night, they climb out of their dorm room window and daringly walk the dark muddy track to Black Lake. What they encounter that night would change their lives forever. The boys unwitting discovery leads them to an ancient, unsolved crime hidden in the depths of the schools murky history. But their curiosity attracts the attention of others who have their own sinister interests in solving the crime. The boys lives are threatened. Should they reveal their secret? Who can they trust? What happens at Black Lake, doesnt always stay at Black Lake.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
