

My Name Is Lucy (Growing Pains)

Lucy, a golden retriever puppy, loves her family, taking walks, slippers, her squashy ball, and most of all, dinner. When the neighborhood cat ruins a table covered with food for a special party and then disappears, Lucys family blames her. Lucy cant help but wonder: Will her family ever love her again? Children will see themselves reflected in the heartwarming and humorous tale of a dog learning to find her place in a family. The soft, realistic illustrations and simple story will help children with reading readiness and early literacy.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
