

# Postclassical Narratology: Approaches and Analyses (THEORY INTERPRETATION NARRATIV)

In this volume, an international group of contributors presents new perspectives on narrative. Using David Hermans 1999 definition of postclassical narratology from *Narratologies: New Perspectives on Narrative Analysis (OSUP)* as their launching point, these eleven essayists explore the various ways in which new approaches overlap and interrelate to form new ways of understanding narrative texts. Postclassical narratology has reached a new phase of consolidation but also continued diversification. This collection therefore discriminates between what one could call a critical but frame-abiding and a more radical frame-transcending or frame-shattering handling of the structuralist paradigm. *Postclassical Narratology: Approaches and Analyses* discusses a large variety of different aspects of narrative, such as extensions of classical narratology, new generic applications (autobiography, oral narratives, poetry, painting, and film), the history of narratology, the issue of fictionality, the role of cognition, and questions of authorship and authority, as well as thematic matters related to ethics, gender, and queering. Additionally, it uses a wide spectrum of critical approaches, including feminism, psychoanalysis, media studies, the rhetorical theory of narrative, unnatural narratology, and cognitive studies. In this manner the essays manage to produce new insights into many key issues in narratology. The contributors also demonstrate that narratologists nowadays see the object of their research as more variegated than was the case twenty years ago: they resort to a number of different methods in combination when approaching a problem, and they tend to ground their analyses in a rich contextual framework.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4

Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
