

Interpersonal Processes: New Directions in Communication Research (SAGE Series in Communication Research)

There are few edited volumes on interpersonal communication that have the breadth of focus of *Interpersonal Processes*. Divided into three broad sections, this interdisciplinary work covers functions of interpersonal communication, interaction phenomena and relationships. *Interpersonal Processes* updates the classic *Explorations in Interpersonal Communication* (SAGE 1976). Original contributors have revised their chapters and, together with other scholars, provide new insights and recognise the emergence of new research areas.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
