

Notes on the Grammar of the Ramayan of Tulsi Das (Classic Reprint)

Excerpt from Notes on the Grammar of the Ramayan of Tulsi Das No apology is needed for the publication of anything that will to any degree facilitate the study of the Tulsi-krit Ramayan. To those who would understand the language and thought of the Hindus of the North-West Provinces the Ramayan holds a place quite its own. It presents the best and purest influences which have helped to tone the religious thought of the masses. To say that it is to the Hindus what the Bible is to the people of England is overstepping the bounds of accuracy, but it does hold a supreme place in their affections and is widely read and still more widely known. A copy may be found in most villages, and many a rustic who never reads anything else manages to spell out and sing some of its verses to his own and his hearers no small delight. Those who cannot read love to listen to its homely strains and to commit to memory some of its pithy couplets. The difficulties of the Ramayan are far greater to a European than to a native, they mainly arise from the colloquialisms, and the idiomatic and elliptical structure of the sentences, or perhaps it would be more correct to say, lack of structure. These very difficulties constitute its peculiar value to the student who wishes to learn the language of the people. It disciplines the mind into recognizing words which have been distorted and twisted, and teaches one that a sentence can be turned upside down and inside out and yet remain intelligible. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page,

may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
