

The Adventures of Penny-Petal the Pink Poodle

Penny-Petal finds herself on a plane bound for Africa with her family, who are going to work as wardens in an animal park. Feeling a little afraid and excited at the same time, Penny-Petal wonders what her new life will be like. She makes the most unusual friends. While playing one day, the three of them accidentally wander away from the park through a gate that was accidentally left open to find themselves deep in the grounds surrounding the park. This is where her adventure begins. Read how Penny-Petal and her friends survive the wilderness.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
