

## Outlines of the Art of Expression (Classic Reprint)

This little book has grown, in the authors class-room, out of an attempt to supplement the defective early training of his pupils. Those pupils had, when they entered college, some practical acquaintance with English composition, and, from their study of Latin and Greek, a fair knowledge of General Grammar. English Grammar, many of them had never studied at all few, if any, of them, as the author conceives it should be studied. It was necessary, then, to superinduce upon a knowledge of those general elements of Grammar which are common to the English, the Latin and the Greek, a knowledge of those particular elements of Grammar which are distinctively characteristic of the English tongue. Further than this: it seemed desirable to give the student, at the very outset of his college course, a few brief and practical suggestions with reference to Style, Figurative Language, etc., which might be serviceable till the thorough and systematic study of Rhetoric could be taken up. To these purposes the authors Art of Expression is devoted. While it may, possibly, be useful in the college classroom, it is more likely to be useful to instructors who desire some simple manual of English on which to condition candidates for admission to college. It is hoped, however, that it will not be found ill adapted to general use in academies and high schools and wherever, in fact, a review of English Grammar from a Logical and Historical stand-point is desired. The book is, as its name indicates, a mere outline designed to be amplified and extended by oral instruction. To those who desire helps in the work of amplification, the author would especially recommend: Morris's Outlines of English Accidence, Angus's Handbook of the English Tongue; Latham's English Grammar; Rush's Rules and Cautions in English Grammar; Abbott's Shakespearian Grammar and How

to Write Clearly. University  
(Typographical errors above are due to  
OCR software and dont occur in the book.)

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
