

Doing It Right: Making the Most of Your Life

Lapadula, a world traveler, former model & fashion expert, patron of the arts & art collector, culls from her life a variety of suggestions about how any woman can make the most of her life with taste & style, diet & exercise, & observing, recognizing & recording. She teaches us to be self-reliant & self-assertive. Most important of all, by helping us replace laziness & excuses with large doses of confidence & determination, she stops us from merely talking about doing something & starts us on our way. Autobiographical as well as instruction, this book relates a life being lived to the fullest.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
