

Reason and Rhetoric in the Philosophy of Hobbes (Ideas in Context)

This major work from Quentin Skinner presents a fundamental reappraisal of the political theory of Hobbes. Using, for the first time, the full range of manuscript as well as printed sources, it documents an entirely new view of Hobbes intellectual development, and reexamines the shift from a humanist to a scientific culture in European moral and political thought. By examining Hobbes philosophy against the background of his humanist education, Professor Skinner rescues this most difficult and challenging of political philosophers from the intellectual isolation in which he is so often discussed.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
