The chapter Strategy in Motion is essential reading for every executive. Robert Bruce, Adviser in Strategic Management Visiting Fellow, MBA Programme, Macquarie University This is a very special book. Firstly, it is Australian, written by one of our foremost authorities on the nature of change, and therefore entirely relevant to our local culture and conditions . . . The book reflects Stephen Covey's approach in The 7 Habits of Highly Effective People. Peaceful Chaos deserves to be every bit as well known. The Hames Report

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
