

Perfect French Possible, Some Essential and Adequate Helps, to French Pronunciation and Rhythm (Classic Reprint)

When one reflects that language is made up of sounds, it seems too obvious for mention that the acquisition of a new language should begin by a mastering of its sounds. Notice the word mastering .T here are thousands of persons who know perfectly well that French i equals English ee, and who nevertheless go through life pronouncing the past participle finished ,finny, instead of fee-nee, which, had it been firmly fixed in the mind at the outset, would be quite as easy as finny ,since all the sounds in this word finiare English sounds (fee-knee). We all know what playing by ear means to a trained musician. Would it not be pedagogically as absurd for a teacher of language to expect his pupil to speak before he can pronounce, as it would be for a music teacher to expect his pupil to play an air upon the violin, before he has taught him to tune his instrument or to sound each note upon the strings? This little manual of pronunciation is not a technical work on phonetics. It contains simply those elements of phonetics which are necessary to the correct pronunciation of French, and, by our use of English equivalents and rules for the formation of those sounds which have no English equivalents, we have been able to perfect a system of applied phonetics, without having had recourse to the symbols of the phoneticians, who compel one to learn what appears to the eye to be one foreign language simply as a preparation for the study of another.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each pag

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
