

Philips Red Books Cambridge

This local street atlas of Cambridge, and its surrounding towns and villages, gives detailed coverage of the area at a scale of 4.5 inches to 1 mile. It also includes an enlarged centre map of Cambridge at 7 inches to 1 mile. The maps show hospitals, car parks, post offices, leisure facilities, schools, industrial areas and retail areas, while the index lists street names and postcodes. An area road map enables the user to identify through-routes more easily. Pocket sized, and wire stitched so that it opens out flat, the atlas is ideally suited for both business and leisure use, whether by locals or visitors.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
