

New Discoveries: Students Bk. 4

New Discoveries is *Lively -- A rich mix of lively, visually exciting and humorous material provides a continuous source of motivation and makes learning English an enjoyable experience. *Relevant -- Up to date and varied topics offer plenty of opportunity for students to talk and write about themselves and their interests. *Clearly focused -- Each learning has a clear learning focus. Every fifth lesson revises and expands on language items learnt in the previous four and includes summaries of those items. *Communicative and systematic -- A carefully contextualised and graded sequence of language structures and functions is designed to build communicative competence and confidence and to provide a sound understanding of the grammatical systems of English. *Authentic -- Likeable characters in authentic British settings give an insight into British people and their way of life.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
