

## Monster High: Welcome to Monster High: The Deluxe Junior Novel

Welcome to Monster High! You know that Monster High is the most creeperific school in the world, but do you know how it came to be? It all started with a girl named Draculaura-the daughter of Dracula-who had a dream about creating a place where monsters could belong, get along, and be themselves. To make her dream come true, Draculaura and her best ghoulfriends went on fangtastic adventures around the world to recruit monsters to attend Monster High. But all was not perfectly monstrous at Monster High when a villainous zombie set out to ruin everything Draculaura and her friends worked so hard for. Can the ghouls save the day...and save Monster High? This deluxe edition has a paper-over-board cover and a full-color poster!2016 Mattel. All Rights Reserved.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
