

The Company of Writers: Fiction Workshops and Thoughts on the Writing Life

Award-winning author Hilma Wolitzers expert guide to navigating a life of writing through workshops and writers groups. When Hilma Wolitzer finished writing her first short story, she had no idea what to do next. She didnt trust her family members to give honest critiques, and most of her friendsthough they tried to be helpfulknew little about writing fiction. But her creative life changed when she attended a local writing workshop and discovered the joys of working within an artistic community. Since good workshops and conferences are often expensive or difficult to find, Wolitzer provides a guide to building a workshop of your own. With dedication and drive, an informal writers group can become as useful as any college courseand much more fun. Wolitzer shows how to build a group, how to make it effective, and how to keep going when a member hits a snag. She also offers solid advice on many aspects of writing and publishing fiction. Writing may be a solitary occupation, but in the company of writers, it never needs to be lonely. This ebook features an illustrated biography of Hilma Wolitzer, including rare photos and never-before-seen documents from the authors personal collection.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
