

The Practical French Accidence: Being a Comprehensive Grammar of the French Language (Classic Reprint)

English. The far greater part of those who teach French in the United States, are Americans, whose knowledge of the language must often be very limited; and to these the authors own wants enable him to say this book is calculated to be eminently useful. In some respects, the work is not a mere compilation. The directions for ascertaining the gender of French nouns, the great stumbling-block of foreigners, will be found peculiar to this Grammar, and fully competent to effect the end proposed. The Table of the Conjugations, and the List of Irregular Verbs, are more complete than in any other grammar; and the Elements of Pronunciation, accompanied with Practical Exercises, will, it is believed, be of essential service to American teachers, as well as to those pupils who are obliged to study the language without an instructor. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
