

# Practical Spanish Grammar: With Exercises and Themes (Classic Reprint)

Excerpt from Practical Spanish Grammar: With Exercises and Themes The following pages, written at first for my classes in Cornell University, are now handed over to the public in the hope that they may be of some help in introducing others, as well as college students, to the Spanish language and literature. My aim has been to write a practical grammar and, so far as college students are concerned, one that may be tolerably well mastered (leaving time for reading about 150 ordinary duodecimo pages of Spanish in one college year), provided two recitations per week are devoted to it. My own custom has been to have the students learn the advance lesson only so thoroughly as to be able to write out the theme; to have them put the theme on the board; to correct it myself, having the students correct their themes as I indicate mistakes and state reasons for changes, and on the review (next time we meet) to give (without book or theme) the Spanish for the English (as well as the English for the Spanish) on my reading the sentences aloud. A part at least of the Spanish reading lessons was also translated on review (as above) from hearing me read the Spanish. This method seemed to work admirably at Cornell; but is given here simply for such teachers as may not have a definite and possibly better method of their own. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
