

«Jveux bien!»: Manuel de classe

JVEUX BIEN! has a unique structure that, by shifting more responsibility to students, emphasizes proficiency and communication in language learning. It also provides unprecedented flexibility to accommodate diverse class schedules and student interest. The involvement of all four language skills in each of the two textbooks--MANUEL DE CLASSE and MANUEL DE PREPARATION--integrates skills, culture, grammar, and vocabulary.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
