

# Preparing Every Teacher to Reach English Learners: Practical Guide for Teacher Educators

Preparing Every Teacher to Reach English Learners presents a practical, flexible model for infusing English learner (EL) instruction into teacher education courses. The editors outline the key steps involved in this approachwinning faculty support, assessing needs, and developing capacityand share strategies for avoiding pitfalls. The central chapters feature sample courses illustrating how EL content can be incorporated into standard courses (human development, learning disabilities, and social foundations) and across subject areas and topics (math, science, social science, physical education, and classroom management). Most preservice teacher candidates report that they feel unprepared to work with English learners. This practical, flexible model for infusing EL content into teacher education will provide an invaluable resource in shaping the next generation of teachers.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
