

Purchasing, Student Workbook: Selection and Procurement for the Hospitality Industry

Hospitality professionals will find that this eighth edition balances purchasing activities with product and information from a management perspective. Each chapter has been revised so that the most current concepts available are presented along with even more in-depth coverage of hospitality purchasing. Numerous examples, questions, and exercises are included to reinforce new concepts. In order to reflect changes in the field, technology applications in the purchasing function are discussed throughout. New, revised, and updated illustrations and photographs of concepts, companies, and products relating to the purchasing function have also been included to give hospitality professionals a better understanding of the field.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
