

## Rantings of a Weedhead: The Plight of an Idealist

Did you ever one day wake up and realise that life, and that is to say living completely lacks meaning? You look about you and everything that there is to work for, and everything that there is to strive for, is not only entirely meaningless, but would slowly consume your soul? Because the value that is placed on these things far exceeds its true value, and the effort required to attain them therefore would find you withering away from your failure to perform, or losing yourself gradually in your desire to excel. When the ideal is but a dream, bordering on fairy tale, would you rather: a) Go to bed and keep dreaming b) Lose yourself in reality, or c) Charge ahead regardless? Jamaicans have a saying when taking tests, When in doubt, choose C. This is something of a story of one idealistic weedhead, getting from the point of no meaning, to tasting for real the ideal.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
