

Read This! Level 2 Students Book: Fascinating Stories from the Content Areas

Read This! is a four-book reading series designed for adult and young adult ESL students at the high beginning to intermediate levels. Read This!, Level 2 contains fifteen stories relating to the fields of Health Care, Animal Studies, Food and Nutrition, Criminal Justice, and Psychology. For example, students read about how the first vaccine was discovered, how Europeans came to see their first giraffe, and the potentially fatal risk of Internet addiction. The nonfiction readings are written in an accessible narrative style, and the vocabulary and exercise material are appropriate for low intermediate to intermediate-level students. This enjoyable and fascinating text eases students into reading content-rich texts.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
