

Reading Keys

Reading Keys offers a two-part introduction to beginning-level skills. First, all explanations appear in brief increments followed by a summary of key points. The chapter-ending Rounding up the Keys feature repeats all the key points so that students have several opportunities to review each skill or concept. Second, a variety of exercises ask students to perform increasingly difficult cognitive tasks a step-by-step program designed to promote greater reading independence. Provocative, high-interest readings cover such topics as the effect of placebos, P.T. Barnum's legacy of sensationalism, and the evolution of the Olympics. Also, the Digging Deeper section at the end of each chapter includes extended readings that follow up on issues introduced earlier and allows students to practice their reading skills on longer passages. Each chapter contains a Review the Key Points test which students can correct using the answer key in the back of the book. In addition, 36 skills tests per chapter steadily increase in difficulty so that students can monitor their progress.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
