

# Reminiscences of the Early Settlement and Early Settlers of McNairy County Tennessee (Braybree Vintage Edition)

A short visit to his hometown of Purdy, Tennessee rekindled the interest of native son and former Confederate Brigadier General Marcus J. Wright in the history and people of McNairy County, Tennessee. With the help of many old friends, he compiled their collective memories into a short publication published in 1882. It was one of the earliest published county histories in West Tennessee. BrayBree Publishing is proud to present this special Vintage Edition of Wrights county history. In addition to an authentic reproduction of the original book, it also includes a biographical sketch of the author, new illustrations, an expanded index, and Wrights own memoirs, which have never been published.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
