Excerpt from Report Upon the Bronze Tablets: In Memory of the Soldiers Who Were Killed at Bunker Hill, June 17, 1775: Placed in Winthrop Square, Charlestown, June 17, 1889, by Order of the City Council of Boston

The Joint Special Committee appointed under the foregoing order beg leave to submit the following Report: The project of erecting such tablets at Bunker Hill originated in an order passed by the Common Council, March 29, 1888, and by the Aldermen on April 2, 1888. A report was made by the committee of last year, Jan. 3, 1889 (sec proceedings of 1888, p. 1067). The list of names collected from the Massachusetts Archives was printed in the Boston Globe for June 15, 1888. The present committee was appointed and confirmed Feb. 8, 1889. It met and organized February 27, and at once proceeded to work. March 8, Mr. Whitmore, Record Commissioner, was directed to prepare a list and submit it in print, and April 24 he reported. The committee deemed it unwise to take any decided action involving expense until the annual appropriations were passed. At this last date it was voted to have the City Architect (Mr. Bateman) prepare a design for the tablets; April 27, his design was received and approved; May 8, the bids for furnishing the bronze tablets and the iron frame were opened and contracts awarded. Your committee first proposed to place the tablets, reserving, of course, the property of the city therein, at the entrance to Monument square, opposite to Monument avenue. This idea was made known, informally, to members of the management of the Bunker Hill Monument Association, and at a meeting of your committee, on April 24, its chairman was directed to make a formal application. A letter was sent by Alderman Stacey to Hon. F.W. Lincoln, April 20, and a conference was held on Tuesday, May 14. The delays were in no way attributable to your

committee. The correspondence which followed will be found in Appendix E. The unexpected objections made to the site first selected, led your committee to decide upon the well-known locality of Winthrop square, that being, in fact, a portion of Bunker Hill, and already adorned with the monument erected to the memory of the soldiers from Charlestown in the late war. In making this choice your committee followed the old rule of placing a city memorial upon land owned by the city, and the wisdom of this rule has been abundantly shown by the experience already related. Your committee, having been duly empowered, accordingly arranged to place these tablets at a new entrance made into Winthrop square, at its north-west corner. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
