

Pyramid: Workbook Level 3

Pyramid is a six-level course written with both the linguistic and general cognitive development of the young learner in mind. Levels 1-4 teach the basic structures and functions of English through play. Opportunities for interaction are provided through games, stories, rhymes and modern songs and chants. The activities are task-based and pupil-centred. Levels 5 and 6 are topic-based, and reflect the interests and concerns of the target age group. There is constant recycling and reinforcement of the language learned at each level. The pupils books are illustrated in colour, with each unit providing enough material for a weeks work. The listening material uses childrens voices and features songs and chants. The workbooks exploit and recycle the material presented in the pupilss book and contain grammar points and strategies for self-assessment. The teachers books contain an introduction to the course and a lesson-by-lesson overview, as well as detailed lesson plans and suggestions for further activities.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
