

The Toymaker

What good is a toy that will wind down? What if you could give a toy a heart? A real heart. One that beat and beat and didn't stop. What couldn't you do if you could make a toy like that? From the moment that the circus boy, Mathias, takes a small roll of paper from the dying conjuror, his fate is sealed. For on it is the key to a terrifying secret, and there are those who would kill him rather than have it told. Pursued by the sinister Dr. Leiter with his exquisite doll and malevolent dwarf, preyed on by the circus master and his vicious painted wife, Mathias is drawn into a relentless nightmare. A nightmare that will lead him to the Toymaker, and to a knife as cruel as frost. A relentlessly dark and sinister tale of a young boy's living nightmare, this debut novel will send shivers down your spine and will haunt you long after the final page. With the atmosphere of Philip Pullman's *I Was a Rat!*, this is a brilliantly frightening tale from an exciting new literary talent.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
