

## Practical Russian Grammar, Vol. 1 (Classic Reprint)

Excerpt from Practical Russian Grammar, Vol. 1 I. The Russian alphabet is called the Cyrillic, as its creation is rightly or wrongly ascribed to St. Cyril, a Greek missionary. Of the ninth century who carried Christianity to the Slavs of Macedonia. This alphabet is based on the Greek capitals. It includes a few letters corresponding to Latin characters of similar form, a few more that have the form but not the value of Latin symbols, and several entirely new symbols that must have been invented. As applied to modern Russian the alphabet is, for various historical reasons, by no means perfect in its approximation to the phonetic ideal. It is, however, for the purpose of representing a Slav tongue far better adapted than the Latin character, for, once the Cyrillic alphabet is mastered, it is seen that the words are neither so long nor so barbarous in appearance in their native dress as when transliterated for English readers. The Czechs, Poles, and other Northern Slavs (exclusive of the Russians) use the Latin character, while the Russians, Bulgars, Serbs, and most other Southern Slavs use the Cyrillic. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy

stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
