

Rising Japan: Is She a Menace or a Comrade to Be Welcomed in the Fraternity of Nations? (Classic Reprint)

This thoughtful and interesting book by Dr. Sunderland will serve a timely purpose in the interpretation of Japan and in the refutation of the many malicious falsehoods circulated about that country. It is fortunate that this publication follows so closely the startling disclosures of our own Department of State, and the pointed observation of Viscount Ishii, of the Special Mission of Japan which has recently visited the United States, that: The agent of Germany in this country and in ours has had as his one purpose the feeding of our passions, our prejudices, and our distrust on a specially prepared German concoction, until, drugged and inflamed, we might have taken the irrevocable step over the edge, and at his leisure the vulture might have fattened upon our remains. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
