

Saving Civility: 52 Ways to Tame Rude, Crude & Attitude for a Polite Planet

Is bad behavior the new normal? How do we change it? Each of us has the power to make the planet a more hospitable, pleasant, caring, and safe place to live.... It starts with respecting others and recognizing their right to be here. Saving Civility is about how we contribute to society and work together?locally and globally?with greater respect, awareness, understanding, and acceptance of one another. A polite planet embodies a worldview of a civilized society?one that is enlightened and empathetic.?from the IntroductionCyberbullying, hostile and polarizing political infighting, and tasteless and tactless behavior may be on the rise, but it doesnt have to be this way. Sara Hacala, a certified etiquette and protocol consultant, offers a definitive look at what civility means and how it can change the nature of everyday interaction. She goes beyond a superficial discussion of proper manners to present civility as a mind-set that encompasses values and attitudes that help you embrace your connections to others and repair society. Tapping the wisdom of ancient spiritual luminaries as well as the latest social science research, she provides fifty-two practical ways you can reverse the course of incivility and make the world a more enriching, pleasant place to live.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
