

## Pennsylvania Genealogies: Scotch-Irish and German (Classic Reprint)

Pennsylvania Genealogies: Scotch-Irish and German by William Henry Egle is an artful attempt by Eagle to address a grossly neglected area of this history of his great state. For years Eagle labored over this publication and his dedication and passion ring through each well-researched page. The book serves as a complete reference for several groups and families found in historic Pennsylvania with Scotch-Irish and Germanic roots. With this work, Egle hopes to provide readers with a resource that will allow them to investigate their family trees and the roots that link them back to Scotland, Ireland, and Germany. Some of the families in the text have roots reaching all the way back to the beginning of United States history with records to support their level of impact on the development of the nation. In addition, some of the families that Egle covers had yet to ever be discussed in a published work and therefore established vital information for researchers interested in these families and their histories in the U.S. Egle also links several families to well known historic figures such as George Washington. For the academic researcher and the contemporary genealogist, Pennsylvania Genealogies: Scotch-Irish and German is a critical source to understand and trace dozens of pivotal Pennsylvanian families. William Henry Egle offers a thorough discussion of each family, exploring both their history in the United States and their links back to different parts of Europe. Egle's passion for this subject makes this text an interesting read not just for the history scholar but also for any reader who is researching their own roots and family tree. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
