

## Contributions From the Atharva-Veda, Vol. 5: To the Theory of Sanskrit Verbal Accent (Classic Reprint)

Excerpt from Contributions From the Atharva-Veda, Vol. 5: To the Theory of Sanskrit Verbal Accent

At a former meeting of the Society, I had the honor to lay before it, in connection with a review of a late work by Prof. Bopp, of Berhn, an attempt to state in a new and improved form the rules respecting the accentuation of the finite verb in the Sanskrit sentence. That such an attempt was called for, will be evident enough to any one who will refer to the statement of these rules which is given in Benfeys larger Sanskrit grammar, the latest and most elaborate work of its class, and the only one which professes to treat the subject in an exhaustive manner. It is not too much to say that the account of the phenomena of verbal accentuation which is there presented is entirely unsatisfactory, or even unintelligible; that it is plainly wanting in true method; that it is no orderly development from a central principle, subordinating the more particular to the more general, and giving each special rule its due proportion in the sum of the whole, but, on the contrary, a chaos of rules and exceptions, empirically stated and confusedly thrown together.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I

already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
