

Coffee Break Spanish 3: Lessons 11-15 - Learn Spanish in your coffee break

Have you always wanted to learn Spanish but don't have the time to dedicate to attending classes or spending hours with your head buried in a book? The Coffee Break Spanish course will help you learn the language where and when it suits you. Based on the popular podcast series, used by millions of learners around the world since 2006, Coffee Break Spanish for the Kindle will help you learn Spanish in easy steps. The series features eighty lessons, and this ebook provides lessons 11-15 of the course. In addition to the comprehensive lesson notes provided, the course features download links for the accompanying audio lessons. Each lesson lasts around 15 minutes and is presented by teacher Mark, working alongside student Kara, so you can learn with Kara and perfect your Spanish. In lessons 11-15 you will learn to deal with language difficulties; numbers, days of the weeks and months; places in the town; and ordering drinks in a cafe. In later lessons you'll learn to cope with a variety of situations encountered while travelling in a Spanish-speaking area, and to recognise the patterns of the language, allowing you to say what you want to say.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
